Just Launched: Zed & Bee

7 MAY 2010

Have you heard? **Zed & Bee** has launched. This sassy Australian boutique is up & running, and I am thrilled. I love their design, aesthetic, and style. I can simply describe them as innovative, chic, and striking. Behind Zed & Bee are Zoe Fitch & Billie Shennen, a couple of stylish sisters from down under bringing us this oh, so fab paper goodness to the world. They are more than cute and so much more than just pretty paper. They truly are celebrations on paper.

Nothing too over-the-top about them, and they're also not plain. Their designs are a perfect balance of color, pattern, & texture (at least, to me). Be sure to follow **Zed & Bee's Blog** & become a fan of Zed & Bee on Facebook. Aren't you in love yet?
